Your writer had the pleasure of calling on Mrs. Thompson and daughter Jessie and Miss Laura Rolling, all of Jackson, who are spending a few days with Mrs. F. N. Day.

Our Sunday school is small, but doing excellent work. We would urge upon all our people to make a mighty effort to bring our school up to the point where they will be equal in enrollment to the membership of the church.

While in town Saturday we met with brother Dickey, of Campton. This good brother always has a kind word for children. We also got a peep at Bro. Ragan, but don't mention it, for he didn't know that we were peeping at him.

June 4. SCRIBE-MOX.

FRENCHBURG, KY., May 29, 1900.

To the democrats of the 10th congressional district, after mature deliberation, I have decided not to allow my name to be placed before the party as a candidate for democratic nomination for congress in this district. I am deeply grateful to my friends for their manifestations of interest in my behalf and for their tendered support, and to the bulwarks of democracy—the country editors—I tender my thanks for the kindness shown me. While I would have felt greatly honored by the nomination, and admitting that I had inclinations to enter the race, but after due consideration I have decided not to be a candidate. Hoping that my withdrawing may simplify the situation, and pledging my warmest support to the nominee of the Paintsville convention. I again thank my friends for their numerous solicitations and offered support.

Most respectfully,
W. C. TAYLOR.

THE BEST

Food for Intellectual Thought.

No man can vote intelligently unless he thinks intelligently. In this time of "wars and rumors of wars" the greatest aid to intelligent thinking and the best food for intelligent thought is that newspaper which is greatest and best.

Important political issues are daily growing more important. An intelligent understanding of the policy of a nation or a great political party is something to be desired, and it is the duty of every citizen to thoroughly inform himself upon the leading topics of the day.

THE SEMI-WEEKLY REPUBLIC is the greatest and best of all newspapers. Its telegraphic and cable news service excels that of any other paper. It prints the news fully; not imaginative occurrences, but domestic and world-distant, fully authenticated facts.

The policies of the great political parties are now being formed and the candidate discussed. Now is the time to subscribe for the best medium of keeping in touch with the whole world—THE SEMI-WEEKLY REPUBLIC.

No less worthy of attention is THE REPUBLIC'S Sunday Magazine. It is replete each issue with the best of special articles written by the best of literary talent. Its beautiful half-tone illustrations have already made it famous and their quality and quantity will be preserved.

News features of absorbing attraction are illustrated and enlarged upon in a manner equal to the high priced magazines. Events of current interest are set forth in entertaining style. There is humor in its pages, too, and for the benefit of the ladies the latest Paris fashions are each week exquisitely illustrated and described. THE REPUBLIC'S Sunday Magazine is standard.

The subscription price of THE SEMI-WEEKLY REPUBLIC is \$1.00 per year. THE REPUBLIC Sunday Magazine \$1.25 per year. Both papers are now being offered at the low price of \$1.50 for one year. To secure this low rate both must be ordered and paid for at the same time. Address all orders to THE REPUBLIC, St. Louis, Mo.

On Friday week the 15th inst., the seat of the national government in Washington will have been occupied one hundred years, and a grand celebration is being planned for the occasion.

The credentials of J. C. S. Blackburn as a senator from Kentucky, beginning March 1, 1901, were presented to the senate one day last week, and were read and filed without comment.

GOVERNOR BECKHAM, on Wednesday, May 29th, appointed Dr. L. H. Mulligan first assistant physician of the Eastern Kentucky Asylum for the insane.

THE society of Boxers, of China, millions strong, are gaining the upper hand. They have defeated the government forces, and with an increasing army are looting, destroying property and killing the foreigners in the interior. The army is marching on Peking, and the gravest concern is felt for the safety of foreigners. The missionaries in the interior are fleeing from their stations and are taking refuge in Peking. The situation was represented by our minister as being so critical that Admiral Kempff, with 100 marines, was despatched with all haste to Peking to guard the American legation. Japan, Russia, France and Germany are all hurrying troops to Peking to protect their missionaries. Already quite a number of Methodist ministers have been murdered by the outlaws of China.

EDITORIAL BRIEFS.

Give the census taker a soft answer. He has a hard enough job anyway.

Possibly Dewey and Roosevelt may both change their minds about vice presidency.

Now there is a man who is advertising for the recipe for prune pies "such as mother used to make." Prune pies: Horrors!

Who would have thought it? Now the Americans in Cuba are talking of the "pauper wages" paid in the postoffices of the United States.

The republicans are having an undue amount of trouble over the selection of a candidate for the vice presidency. Why? Any old sort of man will do when the best can only be defeated.

The postal employees at Havana object to having their salaries reduced, and threaten to come home. Do so by all means, gentlemen, carpet baggers. There are plenty of natives down there to take your places.

It is to be hoped that President Kruger has not postponed his preparations to defend the Transvaal in anticipation of a favorable report from the envoys as to President McKinley's attitude towards the war.

Is there any other man in the country, who by stopping his speaking tour for two months could attract one-fourth of the attention that Mr. Bryan has done? The whole country is echoing with his silence.

Booker Washington, the negro educator, says that his race has far better chances, for everything except society and politics, in the south than it has in the north. Booker knows a truth when he sees one.

The republican ways and means committee of the house of representatives, has secured permission to sit during recess to consider the repeal of the war taxes. This is an easy way of getting a visit to the seashore with all expenses paid by the government.

The republican navy personnel law has enabled the engineer officers of the navy to desert their proper stations, and has resulted in the ruin of the machinery of a number of our best ships. The law should be repealed and the engineer officers forced to do their proper duty or get out of the service.

Undeterred by the fate of his political appointees in Cuba, the president has chosen a ward politician for U. S. district judge at Buffalo, N. Y., despite the protests of the people of that part of the country. The man was chosen to pay a political debt of Senator Platt, and his friends say that he will soon become a good judge now that he can have time to study and not be compelled to devote himself to politics.

MOTTO.

BY DICKSON.
"Good will toward men,
Do all the good you can,
To all the people you can,
In all the ways you can,
As long as ever you can."
Do you ever think, as the hearse drive by,
That it won't be long until you and I
Go riding out in this big plumed hack,
And never remember of coming back?
Did you ever think, as you strive for gold,
That a dead man's hand a dollar can't hold?
You may pinch and tug, you may thrive
and save,
But you lose it all, when you reach the
grave.

WAR TO THE DEATH PESTS OF THE POULTRY YARD MUST GO!

American Lice Destroyer Kills More
Mites, Lice and Other Vermin in a
Day Than All Other Remedies
Combined.

The war is on! The days of lice and vermin that have done so much to make the life of the poultryman miserable, and his business unprofitable are over. American Lice Destroyer is the proper ammunition to use! This preparation is wonderful in its power, and vermin cannot exist twenty-four hours after it is applied to the coop or fowls. Every poultryman needs it. It is cheap, reliable and effective, one package being sufficient to protect 250 fowls from mites and lice for one year. When this Destroyer is used, profits at once increase. Lice and vermin do more to kill profits than all other causes combined. You know it. Don't go on losing money every week, but try American Lice Destroyer. You may have tried other things without success, but if this fails you can have your money back. We are in this fight to stay, and will back Destroyer against any number of mites of lice you may have. Don't fool away money with "recipes" or home-made makeshifts. Use scientific means. The American Lice Destroyer has been used by thousands of poultrymen; it has been on the market several years and has been tested thousands of times. We know it is all right, and if it doesn't do the work remember you get your money back. What more can you ask? If your druggist doesn't sell American Lice Destroyer, he's behind the age. In that case send for \$1.00 box at once. Made only by American Mfg. Co., Terre Haute, Ind.

OUR GLORIOUS COUNTRY.

Have you watched its marvelous growth? If not, The Weekly Enquirer wants to study the strides it has made. The first census of the United States was taken in 1790. Since then every succeeding ten years. The result has been as follows:

Year.	Population.	Year.	Population.
1810	7,239,881	1860	31,443,321
1820	9,633,822	1870	38,558,371
1830	12,866,020	1880	50,155,783
1840	17,069,453	1890	62,622,250
1850	23,191,876		

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions. The result is usually announced in July of the census year.

THE WEEKLY ENQUIRER is anxious to engage all in a study of their country. To this end it will distribute cash amounting to \$25,000, for solutions received of the population of the United States Census, as follows:

To the first nearest correct guess received.	\$3,000.00
To the second.....	1,500.00
To the third.....	750.00
To the fourth.....	500.00
To the fifth.....	250.00
To the sixth.....	200.00
To the seventh.....	150.00
To the next 10, each \$100, amounting to.	1,000.00
To the next 50, each \$50, amounting to.	2,500.00
To the next 100, each \$25, amounting to.	2,500.00
To the next 500, each \$10, amounting to.	5,000.00
To the next 1,530, each \$5, amounting to.	7,650.00

2197 cash presents amounting to \$25,000.00

In case of a tie, money equally divided.

Every guess on the above proposition must be accompanied by a year's subscription to the WEEKLY ENQUIRER.

You can guess as often as you care to inclose subscription price to the WEEKLY ENQUIRER.

This contest will close a month before the result of the census will be known and officially certified by the Director of the United States Census at Washington, D. C.

Subscription price for the WEEKLY ENQUIRER (including guess) is only \$1.00 a year. Eleven copies and eleven guesses for \$10.00. For full particulars see WEEKLY ENQUIRER.

SCOTT'S EMULSION

OF COD-LIVER OIL WITH HYPOPHOSPHITES

should always be kept in the house for the following reasons:

FIRST—Because, if any member of the family has a hard cold, it will cure it.

SECOND—Because, if the children are delicate and sickly, it will make them strong and well.

THIRD—Because, if the father or mother is losing flesh and becoming thin and emaciated, it will build them up and give them flesh and strength.

FOURTH—Because it is the standard remedy in all throat and lung affections.

No household should be without it. It can be taken in summer as well as in winter.

Scott & Bowne, Chemists, New York.

CONSTANCY.

BY SAM WILSON.

I want you not even though you were
The brightest crown of fame,
And nations sing with joy and pride
The praises of thy name.

Though untold wealth from India's mines
Would crown thee queen to day,
And heroes worship at the shrine,
I would no homage pay.

But when affliction's hour is near,
And sorrows mar thy home,
Or when misfortune's angry storm
Has left thee sad and lone.

Or when the tender buds of hope
Have blossomed all in vain;
In such a moment I would come
And sing some glad refrain.

And there the pleadings of my heart
In melting tones would cry,
O, let me be thy constant friend;
And faithful till I die.

McCormick Chapel Exercises.

The closing exercises of McCormick chapel school occurred Friday morning and were interesting in the extreme. As is well known the instruction is in charge of Miss Minnie L. Day, of Hazel Green, with a competent assistant. The exercises consisted of singing, Biblical and physiological questions and answers, and the aptness of the little fellows in answering the questions was remarkable, and evinced painstaking and conscientious work on the part of the instructress. Appropriate addresses to the school were made by Revs. Logan and Wallin.—Jackson Hustler.

Having over stocked my gallery with photographic material, and wishing to dispose of same before leaving Hazel Green, I will make photographs from the 8th to the 13th of June cheaper than ever before. Come while this opportunity presents itself. Remember this offer is good only so long as present stock lasts. Come one, come all. I will only remain until the 13th of June. Very truly yours,
M. B. TAYLOR.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y. and mention this paper.

FOR SALE.

Having decided to remove from Hazel Green I will sell all of my SHOP TOOLS AND FIXTURES, including BELLOWS, ANVIL, VISES, SCREW-PLATES, TIRE SHINKERS, BENDERS, DRILL, etc., etc., too numerous to mention in detail. This is a good chance for some enterprising man to buy my entire interest in the firm of ROSE & DAVIS, and reap the reward of my labor in building up the trade the firm now enjoys. But unless I get an offer at once the tools, etc., will be sold in quantities to suit. In the shop is a large lot of blacksmith and wagon-makers' material, such as iron, steel, bolts, seasoned lumber, etc., to be disposed of in the same way.

Also, all of my HOUSEHOLD AND KITCHEN FURNITURE will be sold in quantities to suit purchasers, and the early callers will get bargains. A horse, harness, two saddles and a good milk cow will be sold.

"A GROUND-HOG CASE"

stares me in the face, and as I will soon leave Hazel Green it is absolutely necessary that I collect every debt due me, and I request all who are owing me to come forward and settle up at once. The old man, you remember, tried to coax the boy out of the apple tree, and falling in that he resorted to rocks. I hope I won't have to throw any. Respectfully,

FRENCHBURG, KY., May 29, 1900.

To the democrats of the 10th congressional district, after mature deliberation, I have decided not to allow my name to be placed before the party as a candidate for democratic nomination for congress in this district. THE BEST

Food for Intellectual Thought.

No man can vote intelligently unless he thinks intelligently. In this time of "wars and rumors of wars" the greatest aid to intelligent thinking and the best food for intelligent thought is that newspaper which is greatest and best.

Important political issues are daily growing more important. An intelligent understanding of the policy of a nation or a great political party is something to be desired, and it is the duty of every citizen to thoroughly inform himself upon the leading topics of the day.

THE SEMI-WEEKLY REPUBLIC is the greatest and best of all newspapers. Its telegraphic and cable news service excels that of any other paper. It prints the news fully; not imaginative occurrences, but domestic and world-distant, fully authenticated facts.

The policies of the great political parties are now being formed and the candidate discussed. Now is the time to subscribe for the best medium of keeping in touch with the whole world—THE SEMI-WEEKLY REPUBLIC.

No less worthy of attention is THE REPUBLIC'S Sunday Magazine. It is replete each issue with the best of special articles written by the best of literary talent. Its beautiful half-tone illustrations have already made it famous and their quality and quantity will be preserved.

News features of absorbing attraction are illustrated and enlarged upon in a manner equal to the high priced magazines. Events of current interest are set forth in entertaining style. There is humor in its pages, too, and for the benefit of the ladies the latest Paris fashions are each week exquisitely illustrated and described. THE REPUBLIC'S Sunday Magazine is standard.

The subscription price of THE SEMI-WEEKLY REPUBLIC is \$1.00 per year. THE REPUBLIC Sunday Magazine \$1.25 per year. Both papers are now being offered at the low price of \$1.50 for one year. On Friday week the 15th inst., the seat of the national government in Washington will have been occupied one hundred years, and a grand celebration is being planned for the occasion.

The credentials of J. C. S. Blackburn as a senator from Kentucky, beginning March 1, 1901, were presented to the senate one day last week, and were read and filed without comment.

GOVERNOR BECKHAM, on Wednesday, May 29th, appointed Dr. L. H. Mulligan first assistant physician of the Eastern Kentucky Asylum for the insane.

THE society of Boxers, of China, millions strong, are gaining the upper hand. They have defeated the government forces, and with an increasing army are looting, destroying property and killing the foreigners in the interior. The army is marching on Peking, and the gravest concern is felt for the safety of foreigners. The missionaries in the interior are fleeing from their stations and are taking refuge in Peking. The situation was represented by our minister as being so critical that Admiral Kempff, with 100 marines, was despatched with all haste to Peking to guard the American legation. Japan, Russia, France and Germany are all hurrying troops to Peking to protect their missionaries. Already quite a number of Methodist ministers have been murdered by the outlaws of China.

EDITORIAL BRIEFS.

Give the census taker a soft answer. He has a hard enough job anyway.

Possibly Dewey and Roosevelt may both change their minds about vice presidency.

Now there is a man who is advertising for the recipe for prune pies "such as mother used to make." Prune pies: Horrors!

Who would have thought it? Now the Americans in Cuba are talking of the "pauper wages" paid in the postoffices of the United States.

The republicans are having an undue amount of trouble over the selection of a candidate for the vice presidency. Why? Any old sort of man will do when the best can only be defeated.

The postal employees at Havana object to having their salaries reduced, and threaten to come home. Do so by all means, gentlemen, carpet baggers. There are plenty of natives down there to take your places.

It is to be hoped that President Kruger has not postponed his preparations to defend the Transvaal in anticipation of a favorable report from the envoys as to President McKinley's attitude towards the war.

Is there any other man in the country, who by stopping his speaking tour for two months could attract one-fourth of the attention that Mr. Bryan has done? The whole country is echoing with his silence.

Booker Washington, the negro educator, says that his race has far better chances, for everything except society and politics, in the south than it has in the north. Booker knows a truth when he sees one.

The republican ways and means committee of the house of representatives, has secured permission to sit during recess to consider the repeal of the war taxes. This is an easy way of getting a visit to the seashore with all expenses paid by the government.

The republican navy personnel law has enabled the engineer officers of the navy to desert their proper stations, and has resulted in the ruin of the machinery of a number of our best ships. The law should be repealed and the engineer officers forced to do their proper duty or get out of the service.

Undeterred by the fate of his political appointees in Cuba, the president has chosen a ward politician for U. S. district judge at Buffalo, N. Y., despite the protests of the people of that part of the country. The man was chosen to pay a political debt of Senator Platt, and his friends say that he will soon become a good judge now that he can have time to study and not be compelled to devote himself to politics.

MOTTO.

BY DICKSON.
"Good will toward men,
Do all the good you can,
To all the people you can,
In all the ways you can,
As long as ever you can."

Do you ever think, as the hearse drive by,
That it won't be long until you and I
Go riding out in this big plumed hack,
And never remember of coming back?
Did you ever think, as you strive for gold,
That a dead man's hand a dollar can't hold?
You may pinch and tug, you may thrive
and save,
But you lose it all, when you reach the grave.

WAR TO THE DEATH PESTS OF THE POULTRY YARD MUST GO!

American Lice Destroyer Kills More
Mites, Lice and Other Vermin in a
Day Than All Other Remedies
Combined.

The war is on! The days of lice and vermin that have done so much to make the life of the poultryman miserable, and his business unprofitable are over. American Lice Destroyer is the proper ammunition to use! This preparation is wonderful in its power, and vermin cannot exist twenty-four hours after it is applied to the coop or fowls. Every poultryman needs it. It is cheap, reliable and effective, one package being sufficient to protect 250 fowls from mites and lice for one year. When this Destroyer is used, profits at once increase. Lice and vermin do more to kill profits than all other causes combined. You know it. Don't go on losing money every week, but try American Lice Destroyer. You may have tried other things without success, but if this fails you can have your money back. We are in this fight to stay, and will back Destroyer against any number of mites of lice you may have. Don't fool away money with "recipes" or home-made makeshifts. Use scientific means. The American Lice Destroyer has been used by thousands of poultrymen; it has been on the market several years and has been tested thousands of times. We know it is all right, and if it doesn't do the work remember you get your money back. What more can you ask? If your druggist doesn't sell American Lice Destroyer, he's behind the age. In that case send for \$1.00 box at once. Made only by American Mfg. Co., Terre Haute, Ind.

OUR GLORIOUS COUNTRY.

Have you watched its marvelous growth? If not, The Weekly Enquirer wants to study the strides it has made. The first census of the United States was taken in 1790. Since then every succeeding ten years. The result has been as follows:

Year.	Population.	Year.	Population.
1810.....	7,239,881	1860.....	31,443,321
1820.....	9,633,822	1870.....	38,558,371
1830.....	12,866,020	1880.....	50,155,783
1840.....	17,069,453	1890.....	62,622,250
1850.....	23,191,876		

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions. The result is usually announced in July of the census year.

THE WEEKLY ENQUIRER is anxious to engage all in a study of their country. To this end it will distribute cash amounting to \$25,000, for solutions received of the population of the United States Census, as follows:

To the first nearest correct guess received.	\$3,000.00
To the second.....	1,500.00
To the third.....	750.00
To the fourth.....	500.00
To the fifth.....	250.00
To the sixth.....	200.00
To the seventh.....	150.00
To the next 10, each \$100, amounting to.	1,000.00
To the next 50, each \$50, amounting to.	2,500.00
To the next 100, each \$25, amounting to.	2,500.00
To the next 500, each \$10, amounting to.	5,000.00
To the next 1,530, each \$5, amounting to.	7,650.00

2197 cash presents amounting to \$25,000.00

In case of a tie, money equally divided.

Every guess on the above proposition must be accompanied by a year's subscription to the WEEKLY ENQUIRER.

You can guess as often as you care to inclose subscription price to the WEEKLY ENQUIRER.

This contest will close a month before the result of the census will be known and officially certified by the Director of the United States Census at Washington, D. C.

Subscription price for the WEEKLY ENQUIRER (including guess) is only \$1.00 a year. Eleven copies and eleven guesses for \$10.00. For full particulars see WEEKLY ENQUIRER.

SCOTT'S EMULSION

OF COD-LIVER OIL WITH HYPOPHOSPHITES

should always be kept in the house for the following reasons:

FIRST—Because, if any member of the family has a hard cold, it will cure it.

SECOND—Because, if the children are delicate and sickly, it will make them strong and well.

THIRD—Because, if the father or mother is losing flesh and becoming thin and emaciated, it will build them up and give them flesh and strength.

FOURTH—Because it is the standard remedy in all throat and lung affections.

No household should be without it. It can be taken in summer as well as in winter.

CONSTANCY.

BY SAM WILSON.

I want you not even though you were
The brightest crown of fame,
And nations sing with joy and pride
The praises of thy name.
Though untold wealth from India's mines
Would crown thee queen to day,
And heroes worship at the shrine,
I would no homage pay.
But when affliction's hour is near,
And sorrows mar thy home,
Or when misfortune's angry storm
Has left thee sad and lone.
Or when the tender buds of hope
Have blossomed all in vain;
In such a moment I would come
And sing some glad refrain.
And there the pleadings of my heart
In melting tones would cry,
O, let me be thy constant friend;
And faithful till I die.

McCormick Chapel Exercises.

The closing exercises of McCormick chapel school occurred Friday morning and were interesting in the extreme. As is well known the instruction is in charge of Miss Minnie L. Day, of Hazel Green, with a competent assistant. The exercises consisted of singing, Biblical and physiological questions and answers, and the aptness of the little fellows in answering the questions was remarkable, and evinced painstaking and conscientious work on the part of the instructress. Appropriate addresses to the school were made by Revs. Logan and Wallin.—Jackson Hustler.

Having over stocked my gallery with photographic material, and wishing to dispose of same before leaving Hazel Green, I will make photographs from the 8th to the 13th of June cheaper than ever before. Come while this opportunity presents itself. Remember this offer is good only so long as present stock lasts. Come one, come all. I will only remain until the 13th of June. Very truly yours,
M. B. TAYLOR.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y. and mention this paper.

"A GROUND-HOG CASE"

stares me in the face, and as I will soon leave Hazel Green it is absolutely necessary that I collect every debt due me, and I request all who are owing me to come forward and settle up at once. Those failing to do so may have to pay costs of collection, as I must and will have my money. The old man, you remember, tried to coax the boy out of the apple tree, and falling in that he resorted to rocks. I hope I won't have to throw any. Respectfully,
JOHN H. ROSE.
